

CHROMEBOOK TIPS "INTERNET BROWSER ERRORS"

Below is a way to solve problems when online. Please bring into the tech office if you need more assistance.

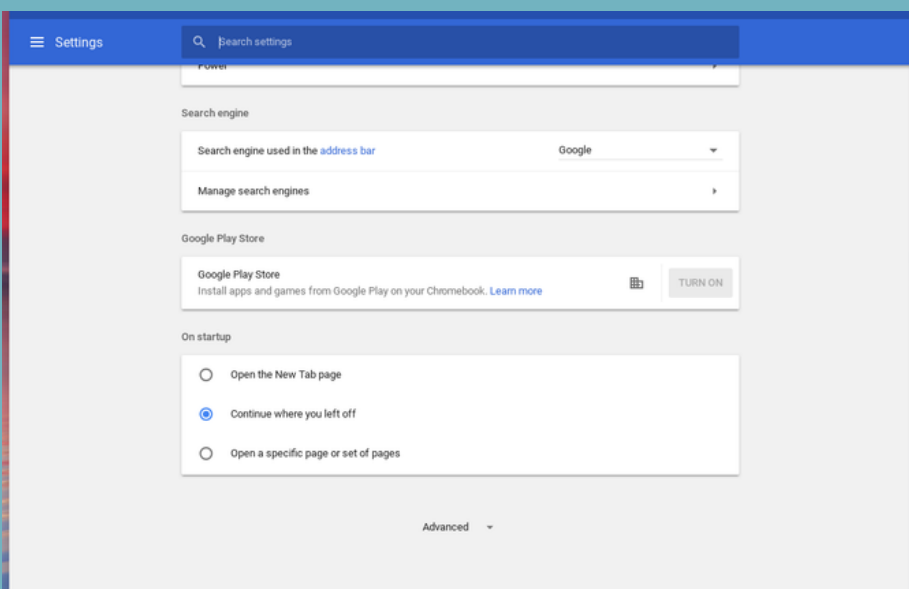

Step 1 - Settings

Click settings in the lower bottom shelf

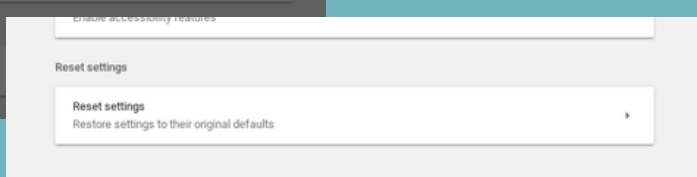

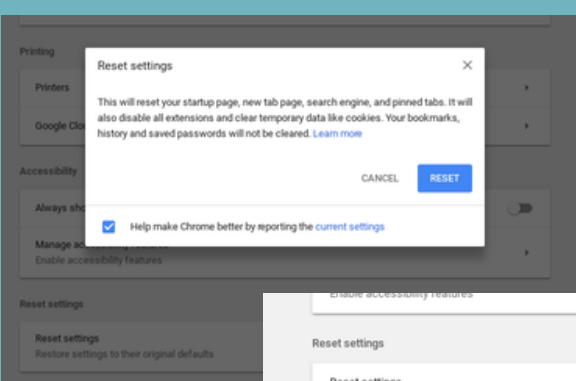

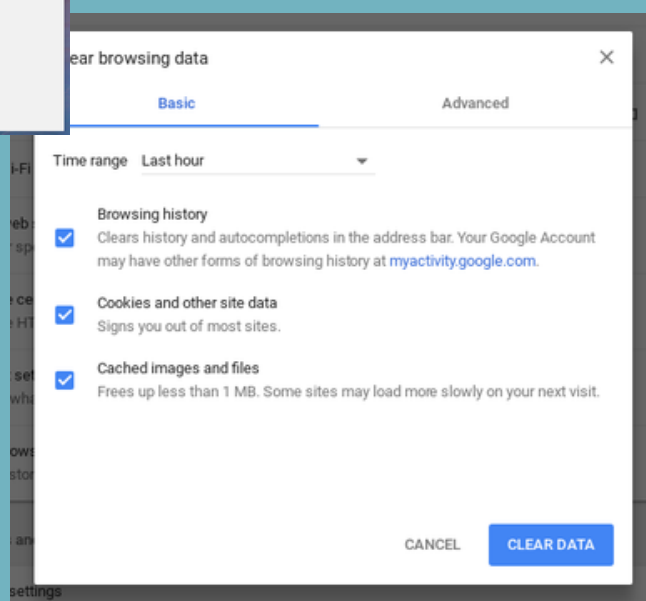

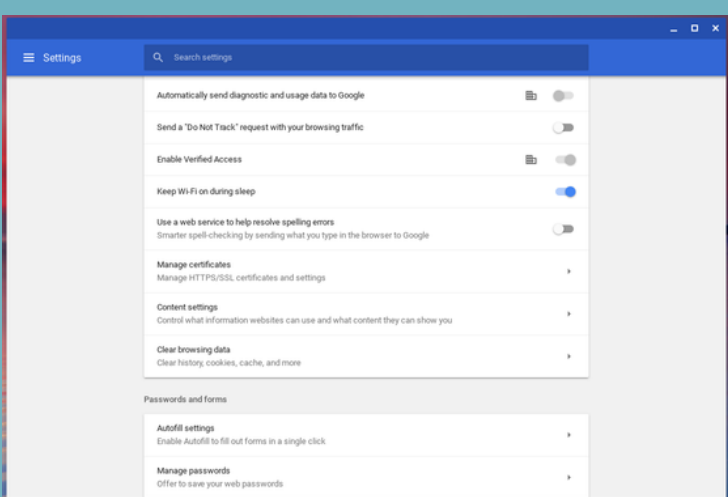

Step 2 - Advanced

Scroll all the way down and click advanced

Step 3 - Clear Browsing Data

Click to clear browsing data. You are clearing any cache from prior usage

Step 4 - Resetting

Finally, scroll to the bottom to reset browser. Close the browser and it should be all set to use
